The need for Hospice Care in Romania

- 60,000 Romanians die of cancer every year
- the majority suffer severe pain in their last months of life
- < 8% of the Romanians who need PC have access to it

The need for Hospice Care in Bihor County

- over 2,000 people are diagnosed with cancer every year in Bihor County
- 5 people are diagnosed with cancer every day
- over 1,400 people die of cancer every year

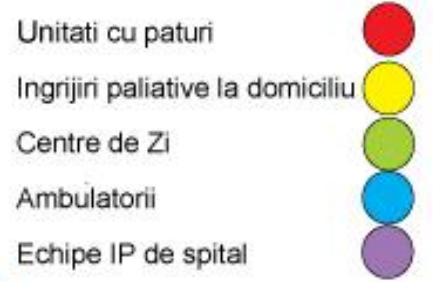

Currently Hospice Emanuel covers 14% of the needs for palliative care annually

Actual stage

Challenges

- Funding constraints
- Attitudes, lack of education
- Hidden agendas
- Small hospices, role conflicts, burnout
- Sustainability of programs

Opportunities

- National Association for Palliative Care – education and lobbying
- National standards for Palliative Care
- Great unmet needs
- Support for the City Hall of Oradea
- Great youth potential
- Good collaboration with Nursing School and Emanuel University
